Approved Notice of Intended Regulatory Action (NOIRA)

Chapter 917, 2004 Acts of Assembly, directs the Board of Education to promulgate regulations providing for a process by which school divisions may submit proposals for consolidation. A new regulation must be promulgated to comply with the terms of Chapter 917. HB 978 amended § 22.1-25 of the Code to add the following language:

“…Consistent with its authority pursuant to Article VIII, Section 5 of the Constitution of Virginia to designate school divisions in the Commonwealth of such geographic size and school-age population as will best promote the realization of the standards of quality, the Board shall promulgate regulations consistent with the provisions of this section that provide for a process whereby school divisions may submit proposals for the consolidation of school divisions. Such regulations shall provide for, among other things, a public notice and hearing process to be conducted by the applicant school divisions.
School divisions submitting proposals for consolidation shall include such information and data as may be required by the Board, including (i) the criteria set forth in subsection C; (ii) evidence of the cost savings to be realized by such consolidation; (iii) a plan for the transfer of title to school board property to the resulting combined school board governing the consolidated division; (iv) procedures and a schedule for the proposed consolidation, including completion of current division superintendent and school board member terms; (v) a plan for proportional school board representation of the localities comprising the new school division, including details regarding the appointment or election processes currently ensuring such representation and other information as may be necessary to evidence compliance with federal and state laws governing voting rights; and (vi) evidence of local support for the proposed consolidation.

For five years following completion of such consolidation, the computation of the state and local share for an educational program meeting the standards of quality for school divisions resulting from consolidations approved pursuant to this subsection shall be the lower composite index of local ability-to-pay of the applicant school divisions, as provided in the appropriation act.”

Summary of Major Elements: The proposed regulations include the following provisions, as required by § 22.1-25:

- A public notice and hearing process to be conducted by the school divisions;

- Consideration of the criteria the following criteria specified in § 22.1-25 of the Code of Virginia:
  1. The school-age population of the school divisions;
  2. The potential of the proposed school division to offer a comprehensive program for kindergarten through grade 12 at the level of the established standards of quality;
  3. The potential of the proposed school division to promote efficiency in the use of school facilities, and school personnel, and economy in operation;
  4. Anticipated increase or decrease in the number of children of school age in the proposed school division;
  5. Geographical area and topographical features as they relate to transportation facilities to provide for reasonable access by students to school facilities; and
  6. The ability of each existing school division to meet the standards of quality with its own resources and facilities, or in cooperation with another school division or divisions if arrangements for such cooperation have been made.

- Components of proposals for consolidation as specified by § 22.1-25 of the Code of Virginia:
  1. Evidence of the cost savings to be realized by such consolidation;
  2. A plan for the transfer of title to school board property to the resulting combined school board governing the consolidated division;
  3. Procedures and a schedule for the proposed consolidation, including completion of current division superintendent and school board member terms;
4. A plan for proportional school board representation of the localities comprising the new school division, including details regarding the appointment or election processes currently ensuring such representation and other information as may be necessary to evidence compliance with federal and state laws governing voting rights; and

5. Evidence of local support for the proposed consolidation.

**Superintendent's Recommendation:** The Superintendent of Public Instruction recommends that the Board of Education waive first review and authorize the Department of Education staff to proceed with the requirements of the Administrative Process Act.

**Impact on Resources:** The impact on resources of the development and implementation of these regulations is not expected to be significant. However, the regulations are required by § 22.1-25 to provide for an incentive for the consolidation of school divisions by providing for the adjustment of the composite index of local ability to pay, as provided in the appropriation act. If school divisions choose to take advantage of this provision, there would be an increase in general fund costs, and a corresponding decrease in local costs for the applicable school division.

**Timetable for Further Review/Action:** The timetable for further review/action will be largely determined by the requirements of the APA and scheduling constraints that may arise during the process.
