The Board of Education is authorized to promulgate regulations pursuant to § 22.1-16 of the Code of Virginia. The last revisions to the Regulations Governing Secondary School Transcripts were made to some of the sections by the Board of Education in 2001. Other sections were last revised in 1988.

The Regulations Governing Secondary School Transcripts are composed of the following sections: Definitions, Effective date, Format options, Profile data sheet, AP courses, Elements for weighting. Changes in federal and state law have necessitated changes in other Board of Education regulations that relate to these regulations governing secondary school transcripts. In order to ensure that this regulation reflects the same terms and requirements as other Board of Education regulations, such as the Regulations Establishing Standards for Accrediting Public Schools in Virginia, and applicable sections of the Code of Virginia, such as the Standards of Quality, the Regulations Governing Secondary School Transcripts need to be reviewed and revised as appropriate.

A draft copy of the NOIRA is attached.
Summary of Major Elements

A preliminary list of issues that must be addressed concerning changes to the secondary school transcript regulations includes:

1. Changes to the definitions section to ensure that terms are defined in the same manner as other Board of Education regulations.

2. Deletion of the effective date section of the regulations. This section states that the regulations become effective beginning in the 1988-89 school year.

3. Revision of the requirement that school divisions must include the type of diploma on the student’s secondary school transcript to ensure that the different types of diplomas are reflected, but that the inclusion of the information does not violate the Family Educational Rights and Privacy Act.

4. Review of the requirement that the profile data sheet include the student’s rank in class.

5. Review of the sections concerning AP courses and the elements of weighting of advanced, accelerated, advanced placement, and honors level courses to ensure that they comport with other state requirements.

Purpose

Please describe the subject matter and intent of the planned regulatory action. Also include a brief explanation of the need for and the goals of the new or amended regulation.

The Regulations Governing Secondary School Transcripts provide definitions, format options for transcripts and profile data sheets, and the elements for weighting advanced, accelerated, advanced placement and honors level courses. One section of the regulations states that the regulations became effective beginning in the 1988-89 school year. The purpose of these proposed revisions is to remove the 1988-89 effective date provision, revise the definitions as necessary to comport with those in other Board of Education regulations, and revise the format options for the transcript and profile data sheets to reflect both Board of Education regulations and state and federal law. The sections concerning class rankings, AP courses and the elements of weighting of advanced, accelerated, advanced placement, and honors level courses also need to be reviewed to ensure that they comport with best instructional practices, as well as other state requirements.
