The 2005 General Assembly approved three bills that require technical amendments to the Regulations Governing the Licensure of School Personnel. The Administrative Process Act (Section 2.2-4006 of the Code of Virginia) exempts revisions to regulations that are necessary to conform to changes in Virginia statutory law where no agency discretion is involved from its requirements.

House Bill 2790 requires that the Board of Education, in its regulations governing teacher licensure, establish criteria and a procedure to allow persons seeking initial licensure as teachers through an alternative route as defined by Board regulations to substitute experiential learning in lieu of coursework.

§ 22.1-298. Regulations governing licensure.

D. The Board's licensure regulations shall also establish criteria and a procedure to allow persons seeking initial licensure as teachers through an alternative route as defined in Board regulations to substitute experiential learning in lieu of coursework.
Senate Bill 949 requires the Board of Education regulations to provide for licensure by reciprocity for individuals who hold a valid out-of-state license.

§ 22.1-298. Regulations governing licensure.

…F. The Board shall prescribe a professional teacher's examination for administration by Virginia's public institutions of higher education as provided in § 23-9.2:3.4 to persons seeking entry into teacher education programs in such public institutions and shall establish a minimum passing score for such examination. The examination shall be sufficiently rigorous and the minimum score set as necessary to ensure that candidates have adequate academic and professional preparation to teach.

Candidates who fail to achieve the minimum score established by the Board shall not be denied entrance into the relevant teacher education programs solely on the basis of such failure and shall have the opportunity to address any deficiencies if enrolled in such program. Before completing any approved teacher education program, candidates must achieve the minimum score on the test prescribed by the Board.

The Board of Education, in consultation with the State Council of Higher Education, shall develop guidelines for performance reports to be submitted by the public institutions of higher education pursuant to § 23-9.2:3.4. Such reports shall include annual data on the pass rates, by institution, of graduates of Virginia's institutions of higher education taking the state licensure examination and shall not include any information identifying individual graduates.

G. The Board's licensure regulations shall also provide for licensure by reciprocity with:

1. With comparable endorsement areas for those individuals holding a valid out-of-state teaching license and national certification from the National Board for Professional Teaching Standards or a nationally recognized certification program approved by the Board of Education. The application for such individuals shall require evidence of such valid licensure and national certification and shall not require official student transcripts; and

2. For individuals who have obtained a valid out-of-state license that is in force at the time the application for a Virginia license is made. The individual must establish a file in the Department of Education by submitting a complete application packet, which shall include official student transcripts. A professional teacher's assessment for the purpose set forth in subsection F of this section and service requirements shall not be imposed for these licensed individuals.
House Bill 2832 requires the Board of Education to suspend or revoke the administrative or teaching license of any person who knowingly and willfully with the intent to compromise the outcome of an athletic competition procures, sells, or administers anabolic steroids or causes these drugs to be procured, sold, or administered to students, or by failing to report student use of anabolic steroids.

§ 22.1-292.2. Suspension or revocation of license for procuring, selling, or administering anabolic steroids.

A. The Board of Education shall suspend or revoke the administrative or teaching license it has issued to any person who knowingly and willfully with the intent to compromise the outcome of an athletic competition procures, sells, or administers anabolic steroids or causes such drugs to be procured, sold, or administered to a student who is a member of a school athletic team, or fails to report the use of such drugs by a student to the school principal and division superintendent as required by § 22.1-279.3:1. Any person whose administrative or teaching license is suspended or revoked by the Board pursuant to this section shall be ineligible for three school years for employment in the public schools of the Commonwealth.

B. Any suspension or revocation imposed in accordance with this section shall be rendered pursuant to Board regulations promulgated pursuant to the Administrative Process Act (§ 2.2-4000 et seq.) and § 22.1-298, governing the licensure of teachers.

Summary of Major Elements:

Upon approval of the regulations by the Board of Education, the Department of Education will request that the regulations be published in the Virginia Register of Regulations in final form.

Superintendent's Recommendation:

The Superintendent of Public Instruction recommends that the Board of Education waive first review, approve the technical revisions to the Regulations Governing the Licensure of School Personnel, and authorize personnel of the Department of Education to proceed with the requirements of the Administrative Process Act.
