___ State or federal law or regulation

x Board of Education regulation

___ Other: ____________

___ Action requested at this meeting  x Action requested at future meeting: ____ (date)

Previous Review/Action:

x No previous board review/action

___ Previous review/action
date ________________
action ________________

Background Information:
The Virginia Alternate Assessment Program (VAAP) is intended to assess the achievement of students with significant cognitive disabilities who are unable to participate in the Standards of Learning (SOL) assessment program even with accommodations. A compilation of student work called a Collection of Evidence is prepared for students participating in the alternate assessment program. The VAAP, which is required by the federal Individuals with Disabilities Education Act (IDEA), was first administered in the 2000-2001 school year. VAAP was revised for the 2005-2006 school year to meet the requirements of the No Child Left Behind Act of 2001. In May 2006 committees of Virginia educators were convened to review selected Collections of Evidence and to recommend to the Board of Education the cut scores that should represent basic, proficient, and advanced performance for students in grades 3 through 5, 6 through 9, and 10 through 12 who are submitting collections of evidence in the areas of reading, mathematics, history/social sciences, and science for the Virginia Alternate Assessment Program.

Summary of Major Elements:
A range of recommended cut scores for the achievement levels of basic, pass/proficient, and pass/advanced for reading, mathematics, science, and history/social sciences for students in grades 3 through 5, 6 through 9, and 10 through 12 will be presented to the Board.
**Superintendent's Recommendation:**
The Acting Superintendent of Public Instruction recommends that the Board waive first review and adopt cut scores for the achievement levels of basic, pass/proficient, and pass/advanced for reading, mathematics, science, and history/social sciences for the students in grades 3 through 5, 6 through 9, and 10 through 12.

**Impact on Resources:**
N/A

**Timetable for Further Review/Action:**
The Board should periodically review the passing scores for the Alternate Assessment Program.
